**Welcome to
 Alden Lane Nursery**

We've made some changes to our layout, which we hope will make shopping here more convenient and inspirational.

You'll find restrooms in both buildings and shopping carts located throughout the nursery. Everything you need for planting or playing in the garden is located within our beautiful garden shop. Our trained horticulturists are happy to answer all your gardening questions.

The year was 1955 when Ruth and Jack Williams pursued a dream and opened a nursery in the Livermore countryside. Jacqueline Williams-Courtright continues to operate Alden Lane Nursery with the same dream her parents followed over 50 years ago.

Offering great customer assistance, a knowledgeable staff, quality merchandise and depth of selection. Alden Lane Nursery stands, like those old oak trees, a landmark in the Livermore Valley. Come let us give you a tour!
